Hello Falls Avenue Seniors,

Welcome to April! In addition to April bringing warmer weather, the word April comes from the Latin word "*aperio*" which means to open. As we embrace the opening of flowers, we are also using this time to have a renewed opening here at our center. As of the end of March, we opened our center to a new addition. Diana Brandt has joined us at FASC as the new Assistant Senior Center Coordinator. Please help us all welcome her to our community.

Let us prepare of an exciting and highly active month. From new activities and events both here at FASC and out in our community, to regular activities starting up again with the warm weather. We are excited to continue to learn, connect and grow with all of our members throughout this eventful time.

From all of us here at FASC we wish you and your families a wonderful Easter!

Best,

Laura

**Presenting our 2024 Lecture and Concert Series**

Dr. Vincent de Luise is the cultural ambassador of the Waterbury Symphony Orchestra and is president of the Woodbury – based Connecticut Summer Opera Foundation. He is an assistant clinical professor of ophthalmology at Yale University School of Medicine and a distinguished visiting scholar in medical humanities at the Renaissance School of Medicine of Stony Brook University.

**Music and the Brain: Linking Melody and Mind**

Music surrounds us. It is part of who we are as humans. Why do all cultures have music? Why do some types of music make us happy and other types sad? Can music improve cognition? What is the Mozart "effect"? Can Mozart's music make us smarter? Where does music go in the brain? Does music have color? Can we paint in notes? How does music help people with Alzheimer Disease, Parkinson Disease, or stroke? Can music heal?

**May 20, 2024** 3:00p.m. at the Lutheran Home of Southbury

**An Afternoon with Johannes Brahms**

Johannes Brahms was a fascinating and complex musical genius. His compositions represent the peak of romanticism, and yet were inspired by the classical works of Beethoven, Mozart and Haydn. Brahms was intensely private and reserved, expressing his emotions in music. His Songs (Lieder) and chamber music are wondrous excursions into his feelings for the women he loved and the friends he admired. In this talk, Dr. de Luise will provide an overview of Brahms' life, and with the esteemed pianist Joe Jacovino will perform several of his Lieder, and one of Brahms' chamber music masterpieces for clarinet and piano.
